

Ortronics

Infinium Keyed LC Splice-On Connector (SOC) For 900 Micron Fiber, 9/125 Single-Mode OS2 50 Pack Gray Part No. 205KKF9SD-09-G

Legrand keyed LC fiber solutions provide a simple and convenient way to physically prevent the user from making an unauthorized connection by blocking access to specific optical ports, whether they are at a workstation outlet or in a telecommunications room or data center. This is particularly important for government, finance, military and other facilities where multiple networks having different security level access requirements may be co-located.

Features & Benefits

12 color/key configurations available

 ${\sf LC}$ Keyed cadapters prevent improper connection of separate networks with common access points

High quality 1.25 mm zirconia ferrules used

High quality 1.25 mm zirconia ferrules used

The solution to managing multiple networks with reduced risks

 $50/125 \, \mathrm{microns} \, \mathrm{and} \, 9/125 \, \mathrm{microns} \, \mathrm{laser-optimized} \, \mathrm{fiber} \, \mathrm{types} \, \mathrm{available}$

Each LC secure adapter will mate only with same-color LC secure connector $\ensuremath{\mathsf{LC}}$

Internal keying feature prevents tampering

1.6 in boot protects the splice for easy cable management

Specifications

General Info			
Product Line	Ortronics	UPC Number	662875033950
Country Of Origin	United States	Туре	Connector
Dimensions			
Product Width US	0.236 in	Product Depth US	3.65 in
Product Height US	0.409 in		
Technical Informati	on		
Service Life	500 matings, < 0.2dB typical change	Temperature Rating	-40° - 75° C
Fiber Size	9/125
