

Wiremold dash Desktop Power Center, 1 Outlet and 1 USB A/C, White Part No. D2RU6XRWC

The dash™ Desktop Power Center provides users easy access to USB and traditional power at the worksurface while its modern design compliments any space. Built around a common set of cube options, the dash product family can be configured at the factory for a variety of power, charging, and data needs.

With so many potential configurations of power, charging, and data, the dash line is ready to meet the needs of designers and end users.

Features & Benefits

Highly Configurable: With so many potential options, the dash offering can be designed with up to 6 different cubes, providing a mix of power, charging and data easy-to-install, requiring minimal access. Choose the right mix for your space.

Easy installation: All dash™ products are hardware.

Tamper-Resistant Receptacles: Tamper-resistant receptacles protect users and devices from damage or risk of injury.

Included Mounting Kit: for use under and above table surfaces.

Combo USB: Available with a combo 15W USB-A and USB-C port that allows for easy access to charge small electronic devices.

Easy Connection to Power Sources: 6' (1.83m) braided fabric power cord easily reaches walls and floors.
