

## Wattstopper **DLM Wired Network Bridge Module**

Part No. LMBC-300

The LMBC-300 Digital Network Bridge provides a segment network connection for a group of Digital Lighting Management (DLM) local network devices. This enables individual DLM local networks to be aggregated into a larger system, which, in turn, can be remotely managed from a DLM Segment Manager or a building automation system (BAS).

## Features & Benefits

Component of Digital Lighting Management integrated control systems

Communicates all DLM local network data and device settings to a Segment Manager and/or LMCS software

Class 2 operation and plenum rated housing facilitate simple installation

UL 2043 plenum rated

Adds segment network functionality a to DLM local network

Easy integration with BAS through use of standard BACnet objects to represent DLM local network device settings and states

DIN rail mounting clamp provided with the unit to facilitate box or panel mounting

## **Specifications**

General Info			
Product Line	Wattstopper	UPC Number	754182927302
Country Of Origin	China		
Dimensions			
Product Width US	3.0 in	Product Weight US	0.25 lb
Product Volume US	26.03 cu in	Product Depth US	2.95 in
Product Height US	2.36 in		
Additional Information			
RoHS Conformant	Yes	DesignLights Consortium Qualified Syste	em Yes

Security	Yes	Product Environmental Profile	Yes
