

## Cablofil Vertical Fitting Divider

Part No. P083331

"The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray."

## Features & Benefits

Designed to fit the exact radius of the fitting

1.92 lb

## Specifications

Product Weight US

## General Info

Product Line	Cablofil	Finish	Pre-Galvanized
UPC Number	800388515949	Country Of Origin	Mexico
Dimensions
