

Cablofil LD-6A-90VI24-24 AL 6H 90° IVR 24R 24W (TRA)

Part No. P308678

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits		
Includes splices and hardware		
Cablofil	Finish	AL
800388145504	Country Of Origin	Mexico
Commercial/Industrial	Standard	UL Classified
Cable Tray		
25.5 in	Product Weight US	14.996 lb
16.07 cu ft	Product Depth US	33.0 in
33.0 in
